

fleetbutler

Software ist der Schlüssel zu Mobilität

We want it easier
for fleet managers
to manage their
fleets

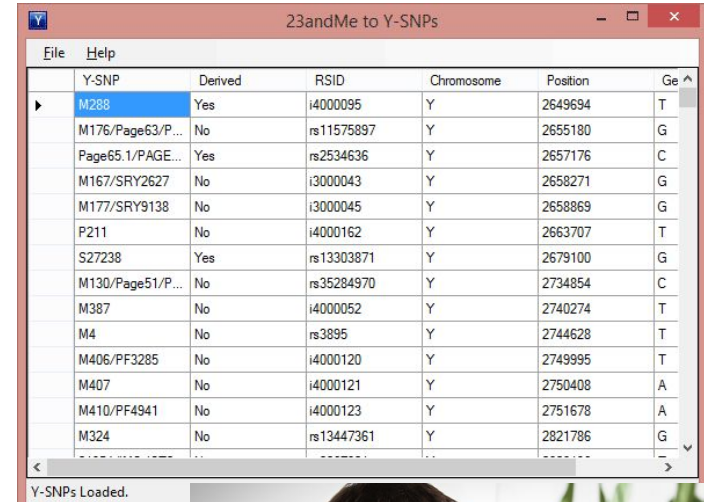

The problem

Fleet Managers do not have much time

A lot of cars to manage

A lot of data is confusing

An aerial photograph of New York City at dusk. The Empire State Building is prominent in the center, with its spire illuminated. The city lights are visible against the dark sky, and the Hudson River is visible in the background.

The technology:
Combine data from
sensors and present it in a
very intuitive dashboard
based Javascript
